June 5 RIDER'S, 97 Thames-st.

The American Art-Union,

In the City of New York, was incorporated by the Legislature of New York for the promotion of

The Fine Arts in the United States. It is managed by gentlemen who are chosen annually, by the members, and receive no compensation.

To accomplish a truly national object, uniting great public good with private gratification at small individual expense, in a manner best suited to the situation and institutions of our country, and the wants, habits and tastes of our people, the Committee have adopted the following

PLAN.
Every subscriber of five dollars is a member of the Art Union for the year, and is entitled to all its privileges.
The money thus obtained, (after paying necessary expenses) is applied,
First.—To the production of a large and costly Original Engraving from an American painting, of which the plate and copyright belong to the Institution, and are used solely for its benefit.

Of this engraving every member receives a copy for every five dollars paid by him. Members entitled to duplicates are at liberty to select from the engravings of previous years. Whenever the funds justify it, an extra engraving or work of Art is also furnished to every member. Every member also receives a full Annual Report of the proceedings, &c., of the Institution.

Second.—To the purchase of paintings and sculpture, by native or resident artists. These are publicly exhibited at the Gallery of the Art-Union till the annual meeting in December, when they are publicly distributed by lot among the members, each member having one share for every five dollars paid by him.

The business of the Institution, out of the city of New York, is transacted by Honorary Secretaries, who receive and remit subscriptions, and deliver to members in their vicinity the Reports, Engravings, and works of Art. They are forwarded at the expense of the Institution.

The income of the Art-Union the last year was \$23,285 dollars, and one hundred and forty-six paintings, varying in price from \$15 to \$600, were distributed by lot among its members, and each member also received a copy of a large line engraving, "Sir Walter Raleigh parting with his wife on the morning of his execution."

The committee have already in progress, for the members of this year, two large engravings, the Jolly Flat-boatmen, to be engraved by Doney, after the picture by Bingham, and the Sybil, to be engraved by Casilear after the picture by Huntington, of both of which, every member will receive a copy.

The annual meeting and distribution will take place this year on the 24th day of December. It is very desirable that the dues of the members be paid early in the year, that the Committee may make their purchases at the best advantage.

Subscription and payment may be made to the subscriber, Honorary Secretary for Newport and its vicinity. ORIN F. JACKSON,
Office of the Daily News.

Coggeshall and Bliss, of this town; and being fully satisfied with its performance and general utility, take pleasure in certifying to the same, and recommending it to the public as the best thing of the kind with which we are acquainted. We would notice more particularly the Oven, which, by its construction, furnishes a uniform heat, and the baking is performed with less attention and more perfectly, than in any Range or Stove that we have ever used. In a word, it contains many advantages, and consumes a small quantity of fuel.

PENCIL SKETCHES OF TRAVEL.

LETTER VII. Erie, Pennsylvania, June 4, 1847.

My DEAR SIR:— Last night I took passage at Buffalo, in the steamer "Baltic." She advertised to leave at 7 o'clock, but did not start until 10,—as the Lake boats always wait for the Eastern cars, which do arrive much before 9, and it takes about an hour to transfer the passengers and baggage from the depot to the boat. The crowd on the wharf is always great, to see the boats start, and we were honored with rather more than the usual compliment, in consequence of the "Baltic" being a new and very splendid boat. We have about two hundred cabin passengers, with over five hundred in the steerage. The excitement and confusion on the wharf for the last hour before starting, is really amusing, and gives one a good idea of the locomotive progress of the present age, in the country. As the "Baltic" is one of the first class steamers, she has but few of the lowest order of emigrants,—they usually go in the smaller and poorer boats, and in the Propellers, at a much less price. The fare is low this year, as the boats all run on their own account. Generally, soon after the season commences, all the boats enter into a combination, fixing the fair at a high rate, and then turn their profits into a common treasury, dividing the same at the rate of ten per cent. to each boat, and then scattering the balance among the whole, *pro rata*, upon the present valuation of each.

The "Baltic" is one of the noblest steamers I have ever seen, and is a perfect floating palace. Built in the strongest possible manner, she is an admirable sea boat, which gives one a very delightful assurance of safety. The Lake boats are much stouter than those on Long Island Sound, and are constructed very differently. The cabin is on deck, if you can understand that, with a saloon running the whole length, and state-rooms on both sides, with a door to each from the saloon and also from the guard.—The steerage passengers are below, in very comfortable quarters. The saloon and state-rooms are finished and furnished in a princely style, and the tables are supplied with all the varieties and delicacies which a city market could afford. You meet with many agreeable persons on board, and as they are some days together, all unite to make the time pass off pleasantly, and they seldom fail in their efforts; free from unnecessary restraint, there is a mingling of conversation between ladies and gentlemen, without the formalities of an introduction, and in this way a person feels that he is at the house of a friend, paying a social visit. Frequently some lady presides at the Piano, while ladies and gentlemen join in a song, and this gives a change from what we have had for some previous hours. At dinner, an excellent band of music, attached to the boat, is stationed at one end of the saloon, discoursing sweet and harmonious notes, while the passengers are doing justice to the viands before them.—In the afternoon, some are engaged in conversation, in pleasant little groups, others in the smoking room, enjoying a rich regalia, while a few are in their rooms, indulging in pleasant dreams.

After tea, a portion of the saloon is cleared; the band take their seats, and the gentlemen lead forth the ladies in a gallant style; and, at the sound of the music, they trip the light fantastic with ease and grace, so that one can hardly believe that he is not in a ball-room, on terra firma. But, sometimes, a change comes over the spirit of their dreams, and from the dejected looks and pale faces, you would hardly believe that there was ever so much gaiety among them. This is when there is a strong wind blowing down the Lakes, which makes a short chopping sea, and, for a season, a person may fold his arms and walk about the saloon, exclaiming with Moore,

"I feel like one who walks above
Some banquet hall deserted,
Whose lights are fled and garlands dead,
And all but me departed."

When the sea becomes smooth, one after

another ventures out, a sad spectacle to behold, giving ample evidence of the ravages of sea-sickness. For several hours we had it very rough, and out of over two hundred passengers, there was scarcely more than twenty of us at the dinner-table.

We have been lying at the wharf at Erie about three hours, taking in a supply of coal, and shall probably be detained here for three more. I have been up to the town, and taken a short ramble through its streets. It has been raining for some hours, and is still cloudy, so that everything has an unfavorable aspect,—but I should think that Erie might be rather a pleasant place, although there is not much evidence of life or animation in the streets. There is a very large Hotel here, called the "Read House." I am told, that it will accommodate more boarders than the Astor,—but it has been a very unfortunate speculation for the owners. The man who built it was very rich, and he desired to do something to immortalize his name. He therefore erected this enormous house, and named it after himself. The business of the place would not warrant such an establishment, and no man can possibly sustain himself, and conduct the house as it should be, according to its arrangements. This is but a slight specimen, however, of Western speculation, which has ruined hundreds and even thousands of the settlers of the West, as well as vast numbers of our Eastern men.

I have written this letter very leisurely, occasionally laying down my pen and reading a newspaper, until I see from my window that the coal is nearly in, and we shall, therefore, soon be off for Cleveland. Yours always, FLORIO.

TO THE BEAUTIFIERS OF THE COMPLEXION.

SURPRISING EFFICACY. My Eau Divine, the Venus and Nymph Soap, composed of an eastern botanical discovery of surprising efficacy for rendering the skin soft and fair, as well as imparting a delicate roseate hue to the complexion. As a creator and conservator of that most distinguishing charm of female loveliness, a transparent fair skin, Jules Haue's Nymph Soap, or Eau Divine de Venus, may be said to exert an almost magical influence. Composed for the most part of oriental balsamic plants, to the utter exclusion of all mineral admixture, it is distinguished medically, for its extremely bland, purifying and soothing action on the skin; and by acting on the pores and minute secretory vessels, expels all impurities from the surface, allays every tendency to inflammation, and, by this method alone, effectually dispels all redness, tan, pimples, freckles, sunburn, and other unsightly cutaneous visitations, so inimical to female loveliness. Its use will change a most hideous complexion into one of radiant whiteness; while on the neck, hands, and arms, it bestows a delicacy and fairness which its continued use will happily protect, with every appearance of youthful charm to the most advanced period of life.

For sale, wholesale and retail, by JULES HAUDEL, Practical Chemist and Perfumer, 120 Chestnut-st., Philadelphia. Premiums were awarded at the Fair of the Franklin Institute. For sale in Newport by R. J. TAYLOR and B. H. TISDALE. May 17 1847

New and Important Arrangement.

W. GOFF has the pleasure of informing his patrons that an arrangement will be completed in the course of next week by which he will be able to furnish the third and latest edition of the New York Express, which goes to press only one hour before the steamers leave for Newport and Fall River. This will be a new and important feature in Newspaper Agency.

I would further state to those who subscribe and receive their daily papers by mail, that they are paying Two Dollars and seventy-four cents per year more than it costs to receive them of me.—Merchants, too, who generally have a quick eye on the Markets, can always get the latest price current before the mail is distributed.

Lots of Books constantly on hand, and scarcely a steamer arrives from New York, but furnishes something new in the department of literature. N. B. Particular attention paid to orders for Music, Books, &c., and furnished at New York prices with dispatch. Call at the News Depot, 2 doors North of Post Office. June 4.

GENTLEMEN OF NEWPORT.

MY celebrated Ambronia, Pistacia, Rose, and Almond Shaving Cream, defy a comparison in America or Europe. No person will use any other after using this Emolument Paste. It is the best, the very best. Give it only a single trial. I do not ask any more to convince you. I warrant it. For sale wholesale and retail at JULES HAUDEL'S Perfume and Chemist store, 120 Chestnut-st. FRESH Congress Water, direct from the Springs, at [May 29] R. J. TAYLOR'S.

MONDAY, JUNE 28, 1847.

BY O. F. JACKSON, 97-THAMES ST.

ERATA.—In our report of the proceedings of the Legislature of Thursday, we said that Edward Clarke, Esq., was elected Treasurer of the Jewish Synagogue Fund. This is a mistake. Mr. Clarke was elected one of the Commissioners of the Jewish Synagogue Fund, in place of the Hon. Nathaniel Ruggles, deceased.

The great Chicago convention, which takes place the 5th of next month, is attracting a great deal of attention, and it will probably be the greatest business convention ever held in the Union.

The object of the Convention is to procure from Congress a recognition of the principle that it is as much the duty of the general government to improve the internal rivers and harbors on the North and Northwest, as to grant facilities to commerce on the seaboard or on the Southern waters; and also to obtain such appropriations for these purposes as shall be just and fair. All the various cities of the Union having any pretensions to business have sent delegates. Its proceedings will be highly interesting.

Rochester was visited on Tuesday morning by a terrific thunder storm. Several of the shocks were so heavy as to shake the houses like an earthquake. One bolt descended with fatal effect upon the house of Mr. Wm. Matthews, No. 28 Wilder street, killing three persons, Mr. Matthews, his wife and daughter. The fluid descended the chimney, passed down the stove pipe, through the opening in the stove door, and thence directly across the hall and through the other end of the house.

Saturday was a warm day, but we found no trouble in keeping cool, having been abundantly supplied with ice by our friend Rider, and by Mr. Anthony. We have no hesitancy in saying that we candidly believe that the ice furnished by these gentlemen is as cold as any ice in our market. They sell it in small quantities, and also supply families every morning during the season.

Barb Huma hauled into Long Wharf on Saturday, and landed her emigrants. We understand that the most of them are bound to Wisconsin, where they intend purchasing farms, and settling down. One family have brought their great grandfather and grandfather with them. They are all in good circumstances.

P. S. Three emigrants all left for New York on Saturday evening, in the Massachusetts.

Sudden Death.—Mr. Richard Norman, aged about fifty years, died very suddenly on Saturday. He was a carpenter, and was at work on the North Baptist Church. After lifting pretty heavily, he said that he felt weak and faint, and he went home, and laid down on a bed. He called for some cold water, and after drinking, he died almost instantly. This took place between 11 and 12 o'clock. Some think he ruptured a blood-vessel in lifting, but the physicians pronounce it an apoplectic fit.

The General Assembly adjourned to meet in South Kingstown in October, instead of Providence, as we stated Saturday.

Wouldn't an excursion in the Perry, during the beautiful moon light evenings, we are now enjoying, be delightful?

What do you say, Capt. Woolsey, will you give us one? Leave here at about half past seven, and be gone about three hours, with a band of music, and we would insure you a good company.

Manchester takes good pictures. We saw our friend Shaw's phiz. (Editor of the Providence Transcript) in a frame a day or two ago, taken by Manchester, and he looked first-rate; "twice as natural as life." Mr. Shaw is a pretty good looking man—(he is married, ladies)—but he is better than he looks.

Yesterday was decidedly a warm day, and no mistake; but when we think how much warmer it was in other places than in Newport, we cannot grumble.

According to report we are to have another line of boats from New York to Providence, landing here. The Worcester and Rhode Island are the boats mentioned.

[Correspondence of the News.]

Providence June 25, 1847.

FRIEND JACKSON:

It was such warm weather here yesterday, I could not find it in my heart to be so cruel as to tax a horse with the labor necessary to carry me into the country, so I determined to stay at home. Just imagine yourself in the hottest place you ever was in, or are ever likely to be, and then imagine it ten times hotter than that, and you can form some idea of Providence as it was yesterday, and as it is to-day. There you sit, I suppose, in your sky-parlor, with the cool breezes fresh from the sea, fanning your anxious brow, while engaged in the Herculean task of catering for the mind of the million, enjoying comforts such as cannot be found elsewhere than in old Newport, and occasionally receiving from some fair and beautiful maiden evidences, in shape of bouquets, wreaths, &c., that though lonely in your employment, the sweet angel of sympathy is at work in your behalf; while here I am confined by the tyrant heat to a close and dusty city, and threatened with almost instant transportation in to grease if I venture out; nevertheless out I must go and run the risk.

A stranger in Providence cannot but remark the steady progress of improvement, and wonder why it is. Providence does not possess the natural advantages for commerce that Newport does. Far from it.

But the great secret is, the inhabitants, and especially the business portion, are endowed with an energy which, regardless of obstacles, completes whatever is determined upon, and carries it triumphantly through.

It being about dinner time, I guess I shall stop into Frank Thompson's Our House, and partake of an excellent dinner, such as only can be found there. Frank is a first rate fellow, and all Newporters in search of a good dinner, need not go further. And after that they can set and enjoy a glass of claret, or if they choose, a new temperance drink, called a Nonpareil, which cannot be made by any other than friend Waldo.

Major General Tom Thumb (the real Simon pure) has arrived in town, and will see his friends at Westminster Hall, and kiss the ladies at ninepence a smack.

Hewitt's large scriptural painting, representing the massacre of the innocent, is now on exhibition at Hoppin's Hall. It is well worth a visit.

The Depot of the Providence and Worcester Rail Road is getting along fast, and the cave is being filled up, thus spoiling a beautiful ornament to the city and one designed by nature to be so.

It's no use, I must give up; so *au revoir*. Yours Pecunia.

ANOTHER SEIZURE.—Capt. Waldron, of the U. S. cutter Jackson, made a pounce on another fishing schooner on Saturday in this harbor, for fishing without a license.

The President of the United States arrived in New York on Friday, where he met with a grand reception. He starts for Boston this morning, via New Haven, Hartford and Springfield.

THE CLERGY IN MEXICO.—With respect to the clergy, they have modified their views since the promulgation of General Scott's proclamation. Now that they do not fear being molested, they will not contribute money for the war. Gen. Scott's respect for the Church in Mexico, his resolute determination not to permit its ceremonies to be disturbed, are increasing the peace party rapidly in that country.

NAVAL.—The line-of-battle ship Ohio, Capt. Stringham, for the Pacific, via Rio de Janeiro, was towed down the bay of New York on Wednesday. She takes Mr. Tod, the new minister to Brazil, and family.

In Louisiana, the crops—both sugar and cotton—present a most favorable appearance, and give promise of an abundant yield, as we learn from the Delta of the 13th inst.

It is stated that General Taylor was in communion with the Methodist Episcopal Church, previous to his departure for Mexico.

GEN. TAYLOR GOING TO ADVANCE.—General Taylor, in a conversation with a Mr. Getty, who recently arrived at New Orleans from Zacatecas, told him that if he was reinforced, as he expected to be, he would advance upon San Luis Potosi about the middle of July, and the prospect is that he will find but little, if any, resistance.

SHIP AND TYPHUS FEVER.—A letter from Dr. Douglass at the Quarantine Station, Cross Isle, dated June 18, received in Montreal, gives some idea of the melancholy condition of vessels quarantined there.

The Pursuit, Spence, from Liverpool—the master, mate and all the men, save one, sick in hospital—was obliged to send hands from the shore to remove his sick and dead.

The Lotus, Wateon, from Liverpool—has had some of his since removed to Hospital—expect to land the rest of the sick in a day or two—he had 70 deaths—12 since her arrival.

The Rose, McKinlay from —, has nearly 100 sick—lost 14 the day of his arrival, and 7 the day after—total deaths nearly 80.

The Lady Flora, Hastings, from Cork—passengers landed, except the sick—72—who are still on board—has buried 60.

The ship Sabraon, Wilson, from Liverpool—has about 50 sick—buried 35—has a medical man on board, who attends to the sick.

The Jesse Gorman, from Limerick—sick, 46, still on board—mate, and ten of the crew ill—buried 30 of her passengers.

One of the lines between Boston and New York, contemplates reducing the fare to \$2.

THE WHALING BARK SARAH AND ESTHER.—Letters from Capt. Griffin, received in Greenport, state that this vessel and cargo is still held by the Brazilian Government. The cargo has been stored in the Government warehouses, and appraisers had been engaged for some ten days previous to the date of the letter, in fixing its valuation. Capt. G. states that he had called upon Mr. Wise for assistance, and that Mr. Wise, though anxious to assist him, could do nothing, as the government had refused to receive any communication from him.

DESTRUCTIVE HAIL STORM AT PEORI, ILL.—Peori was visited a week ago last Saturday afternoon by one of the most terrific hail storms ever recorded.

It continued for half an hour, accompanied with high winds and heavy thunder; many of the hail stones that fell measured from three to six inches in circumference, and one was found and measured in the presence of several persons that was seven inches round.

TIGHT ROPE PRACTICE.—A man named Ryninger, walked across the Schuylkill river, at Philadelphia, on Tuesday, upon a wire. He was six minutes in crossing—resting about two minutes at a post—distance across the stream, 400 feet—height of wire above the water, thirty feet—thickness of cord, half an inch.

The Mormon Temple at Nauvoo has been sold to the Catholic Church for the sum of \$75,000.

Dr. Banning's Patent Body Lotion, For Weakness of the Body.

The following letter is submitted to a discerning public, and the proprietor is enabled to refer to many individuals—whose testimony will satisfy the most incredulous. Be particular and get Banning's Lotion, and be put off with nothing else.

WARREN, August 22, 1846.

Dr. Boardman.—Dear Sir:—Now being about leaving for home, I am able to give thus far a favorable account of the Lotion which I have worn only four days. For more than four years I have suffered greatly from dyspepsia, that scourge of our race. My food has always been so troublesome that my stomach would reject it almost every day—my bowels always constipated—my head always feeling heavy and unpleasant, and my spirits greatly depressed. I was unfitted for any regular business, and till I saw you, I had given up the hope of ever being better. I had consulted many physicians and in Boston, those the most celebrated, and spent nearly all the money I could earn, upon them and medicines. Since I have worn the Lotion, all these symptoms have in a great degree vanished, and now, it seems to me, I shall be well again. I find my body regaining its erect position—the spitting up my food is pretty much over, my spirits and energy are returning, and I feel like a new man.

Sept. 4. S. W. HILL.

Dorchester, Mass., June 15.

Dr. F. Brown.—Dear Sir:—It affords me great pleasure to be able to bear testimony to the valuable properties of your Sarsaparilla and Tomato Bitters. You probably remember the situation I was in when I commenced using them by the advice of my friends; the suffering which I have borne for a long time from the effects of a most terrible humor is almost indescribable; it covered my chest and arms, breaking out at times in quite large sores. Medicine after medicine did I try, without the least relief, and I gave up ever expecting to be cured; but at last I was persuaded to make use of your Sarsaparilla and Tomato Bitters; but I must say I commenced with great reluctance, thinking it would eventually fail to relieve me, as all of our medicines had done. But how happily I have been disappointed. It has entirely cured me. Nothing that I do affords me more pleasure than recommending your Bitters to persons similarly afflicted, and I do most earnestly recommend all to try them before they give up, supposing there is no relief. I now value them so highly I keep them in the house, and use them in my family, as I consider them the best, pleasantest, and most thorough medicine now in use, removing all impurities, carrying off all bile, without weakening the system, or being obliged to change your diet.

After showing this to any one; if they are not perfectly satisfied, ask them to call on me, and I will explain my case more fully, which it will afford me great pleasure to do.

Yours respectfully,

June 18. DANIEL PLUMMER.

Dear Sir:—I take pleasure in communicating to all whom it may concern, and the public generally, the astonishing effect your truly wonderful medicine has had upon me. I have enjoyed perfect health for four or five years. Physicians told me that my liver was diseased, and that I might some day die with consumption. Last September, 1845, I took a slight cold, which produced a hacking cough; this continued until February, 1846, when I added another cold; my cough increased, I soon lost my appetite, and my strength failed. For six weeks I could not lie upon one side; I sweated very much nights, raised considerable blood during the winter, and could not speak aloud for two weeks. With all these bad symptoms, I had very severe pain in my side and between my shoulders; general debility followed. I was confined to my room about eight weeks. I had buried a sister and brother, both died with the Consumption. I expected to die myself; my friends also despaired of my life. At this time an uncle, who had been benefited himself, advised me to take

WISTAR'S BALM OF WILD CHERRY. I accordingly procured a bottle, took it, and felt some better; obtained another, and a third; then I ceased to bleed and my cough was much better; but my disease was so deeply rooted, I was obliged to continue taking the Balm until I had taken seven bottles. I can honestly and truly say, I believe Dr. Wistar's Balm of Wild Cherry saved my life.

MRS. MARY B. GOULD. We are personally acquainted with Mrs. Gould—assisted in taking care of her during her sickness, believe and know the above statement to be true.

Oh, what glorious silky, jet black hair That man and lady have! 'Tis indeed rare To see such soft, clear hair; yet, as I live! 'Twas a bottle of JONES' HAIR RESTORATIVE.

Gave them those beautiful tresses. Before they used it, Like other silly folks, they abused it; And, though their hair was once gray, harsh and dry.

One FIFTY CENT bottle they used, and thus defy The world to show leveler hair. Then, who with bad will live,

And not use JONES' HAIR RESTORATIVE? Honestly and truly, there never was as good, or half as good, an article made to force the hair to grow dark, stop falling off, cure the scurf or dandruff, and make red or gray hair dark; it dresses the hair beautifully, and keeps it moist, soft, and silky, three times as long as any other article made.

THE BEAUTIFUL YOUNG LADY OF BROOKLYN AND RADWAY'S CHINESE MEDICATED SOAP.—Last fall we published a letter from a young lady in the city of Brooklyn, who, while on a visit to her friends in New Jersey, had experienced intense pain from the bites of mosquitos, and great annoyance from the unnatural darkness of her tanned complexion. Her skin had become parched, dry, and unhealthy—covered with pimples, blotches, pustules, freckles, &c., she was recommended by some friends to use, as a toilet emollient,

Radway's Chinese Medicated Soap.

A few days' use of this very excellent and superior Soap exceeded the expectation of all; her skin became smooth, soft, pure, sweet, and healthy; her complexion restored to its former prepossessing appearance, all of which owed its restoration to the curative properties and soothing influence of Radway's Chinese Medicated Soap.

This is but one out of thousands of others, who prefer the use of Radway's Soap to all other soaps recommended for the same purposes. We do not pretend that our Soap will restore the complexion of the emaciated victim of consumption to the bright hue of health, as some of our competitors vauntingly claim, and promise to do; but we do pretend to say that Radway's Chinese Medicated Soap stands unrivalled in the productions of Chemists, for the purposes for which it is recommended, and is a superior article to the Rue Divine de Venus and Nymph, (which is introduced to the public by our own matter, which the proprietor of that article has ungenerously copied from one of our Circulars of 1845, without our permission, slightly altering the phraseology of our language to suit his own purpose,) or any other Soap in the market. Now we leave the public to judge for themselves. Do you wish to possess a fair, healthy pure, and sweet skin, free from all spots, blemishes, freckles, pimples, blotches, pustules, ring worms, &c.? Use the genuine Radway's Chinese Medicated Soap, which is warranted by us to do all that it is recommended. This soap is sold cheaper than any other article of the kind in the market, and for ordinary toilet purposes it will do more service than other Soaps of three times its bulk. Sold for only ONE SHILLING per cake, by R. J. TAYLOR, C. G. C. HAZARD, and B. H. TISDALE, Newport. Country Agents can be supplied by R. J. Taylor, J. & R. G. RADWAY, No. 3 Courtland street, N. Y.

TO THE LADIES IN PARTICULAR.

MY DEPILATORY POWDER has been found highly beneficial and of great use to ladies who have been afflicted with superfluous hair, principally when its growth has been confined to the upper lip and side of the face, giving a masculine turn to the whole features. When used with proper care, and according to the directions, it will be found to be a great addition to the toilet, as the use of any sharp instrument is entirely avoided, and the hair is removed in five or ten minutes after its application.

This composition is infallible, and warranted to remove superfluous hair. After numerous trials, I have received certificates of success which cannot be contested. For sale, wholesale and retail, at

Ladies are Cautioned

AGAINST using Common Prepared Chalk. They are not aware how frightfully injurious it is to the skin! how coarse, how rough, how yellow, and unhealthy the skin appears after using prepared chalk! Besides it is injurious, containing a large quantity of lead!

We have prepared a beautiful vegetable article, which we call JONES' SPANISH LILY WHITE. It is perfectly innocent, being purified of all deleterious qualities; and it imparts to the skin a natural, healthy, alabaster, clear, living white; at the same time acting as a cosmetic on the skin, making it soft and smooth.

Dr. James Anderson, Practical Chemist of Massachusetts says:—"After analyzing Jones' Spanish Lily White, I find it possesses the most beautiful and natural, and at the same time innocent white I ever saw. I certainly can conscientiously recommend its use to all whose skin requires beautifying."

Price 25 cents a box.

A Fine Set of Teeth for 25 cts.

YELLOW and unhealthy teeth, after being once or twice cleansed with JONES' AMBER TOOTH PASTE, have the appearance of the most beautiful ivory, and, at the same time, it is so perfectly innocent and exquisitely fine, that its constant daily use is highly advantageous, even to those teeth that are in a good condition, giving them a beautiful polish, and preventing a premature decay. Those already decayed it prevents from becoming worse—it also fastens such as are becoming loose, and by perseverance it will render the loosest teeth delicately white, and make the breath delicately sweet.

Miracle.

ON the 4th of August, in the year 1843, a singular scene occurred in the Royal Scientific Institution of France. The aged, white-headed President, his head bare, his arms outstretched, his face radiant with smiles, (for science was triumphant) and his voice with gratulatory tone, delivered the following report:

"We are astounded at this singular preparation, where indeed will science stop! Here we have a preparation made in the form of a beautiful piece of soap, which we know by actual practice, to cure every cutaneous eruption, every disfigurement of, and even discolored skin! Where will its magic and singular power cease? The Negro, the Creole, the Yellow Race of the East, and the Red Man of the far West, are alike under the influence of its extraordinary powers of clearing yellow or discolored skin, and making it white and beautiful, and of changing the color of dark, or black, or brown skin." (Here several persons were brought forward by the President, who had used it, in proof of his assertion.)

There are probably few persons of intelligence, who, after reading the above, will doubt the qualities of JONES' ITALIAN CHEMICAL SOAP, in curing Pimples, Blisters, Salt Rheum, Scoury, Erysipelas, Sore Heads, Old Sores, Beard and Barber's Itch, Chapped and Tender Flesh, Freckles, Tumors, Sunburn, and changing dark sunburn or yellow skin to a pure, clear white, as smooth and soft as an Infant's, and in fact every kind of eruption and disfigurement. Read these certificates:

[From the N. O. Sentinel, Oct., 1844.]
One of our subscribers, Mr. H. Leonard, informs us that he has been cured of old, scaly Salt Rheum, of eighteen years standing, on his head, fingers and hands, by a cake of an article much advertised lately—we speak of Jones' Italian Chemical Soap. He also informs us that he has tried its effects on his female slave Rose, much marked with sun spots, and he found in two weeks her skin much clearer and whiter.

James Elkhart, a painter in Jersey City, was cured of carbuncles and pimples, which he was afflicted with for many years, by part of a cake of Jones' Italian Chemical Soap.

Persons in purchasing this must always ask for Jones' Italian Chemical Soap; and perhaps, as many who have been cheated with counterfeits, will be too much discouraged to try the genuine, we say to such, try this once—you will not regret it; but always see that the name of T. JONES is on the wrapper. For sale in Newport by

LORRAINE'S PILLS.

All persons require Purgatives.

DR. LORRAINE'S CURATIVE SYSTEM
OF MEDICINE is rapidly producing achievements
never before known in the cure of diseases. The
immensity of its wonderful results, alone demon-
strate that its principles must be founded on truth.
The relative proportion of Cures by this Medicine
is out of all proportion greater, than by any other
Medicine known.

THE THEORY is, that one blood beats in the
bosom, and flows through the body of every man,
and must be pure, it is the Vital Principle that sus-
tains life.

Physicians, and people of every class are willing
to come forward and announce, in the most public
manner that they have been cured of long standing
complaints—after another medicines had failed.
In fact there can be no doubt but that Lorraine's
vegetable Pill is the best medicine ever offered to
the public.

See a few public statements of men of truth and
virtue.

Lynn, Dec. 17th, 1843.

Sir: I have sold all the pills I last had of you,
please send another lot immediately. The sale of
Lorraine's vegetable Pills is rapidly on the increase,
they are becoming very popular. I sell more and
more every day. As a curative medicine and pur-
ifier of the blood, I think they stand unrivalled.
One fact I have noticed, that no one that has used
them finds any fault with them; they have wrought
some very great cures. One lady, who has been
confined to the house and bed, a great part of the
time, for twenty years, is now cured and able to
work most of her time, after having taken 3 boxes
only of Lorraine's Pills! I might name many
other cases where the cures have been as great,
but have not time. Yours respectfully,
J. E. F. MARSH.

Portland, Me., Nov. 7th, 1843.

Sir: Please send me one gross of Lorraine's
Pills, we have sold all we had last. They have
given very good satisfaction, better than any other
pills which we have in our market. I think in
a short time they will take the place of others.
We have had no fault found with them whatever;
but, on the contrary, they have been praised loudly.
I think we could have quite a number of highly
respectable certificates from our citizens.
Yours respectfully,
E. MASON.

Chelsea, Jan. 3d, 1844.

Sir: I transmit to you an account of my case
for publication, believing it to be my duty. I
have been confined with the Rheumatism nearly
the whole winter, have had some of the best phy-
sicians of Boston and could get nothing that would
relieve me more than temporarily. I heard of the
wonderful virtue of Lorraine's Pills, I had no faith
whatever, but I took them, and it is a solemn fact
that when I had taken but eight pills my Rheu-
matism had entirely left me, and I have remained
well ever since.

N. B. I never took more than one pill at a
time and that on going to bed.

Yours respectfully, W. M. HALSTAL.

OPINION OF A SKILFUL PHYSICIAN.

Sir, the operation of Lorraine's Pills is past any
philosophy to find out, how so small a Pill can
produce such wonderful effects. I find that one
of them will operate more than 3 or 4 of any other
Pill, yet in their operation, mild, gentle and com-
forting. On this account, they are more than 100
per cent, cheaper, as physis, than any other Medi-
cine I know of.

These Pills are now acknowledged by thousands
who take them daily, to be the only medicine that
fairly takes the Banner from all others. This ex-
traordinary medicine has actually done wonders
within one year past. They cause no pain or un-
easiness of any kind in their operation, and require
neither change of diet or care of any kind.

The attention of the reader is respectfully called
to the important results from the use of these Pills.
It will be seen, however great achievements have
heretofore been made by the use of this invaluable
medicine, still greater and more remarkable cures
daily happen.

Bogle's Hyperion Fluid; Or Vegetable Hair

Composition.

THE subscriber has been induced to bring this
article before the public, at the request of his nu-
merous customers, among whom are physicians
and citizens of the first respectability, who have
adopted its use in their families, and wish others to
participate in its advantages.

The Hyperion is composed of vegetable ingredi-
ents, the secret of compounding and blending which
is known solely to the subscriber. It is an arti-
cle in which a cleansing and purifying wash is
beautifully blended with a most delicate, silky and
glossy moisture never before attained, yet free of
animal grease or essential oils. It clears the pores
of the skin, causes a healthy action in the blood
vessels, nerves, &c., which feed the hair, thereby
preventing BALDNESS AND GREY HAIR.

It entirely frees the skin from Scurf, Dandruff,
and other cutaneous diseases, disposes the hair to
curl, and changes the harsh state of hair into the most
soft, glossy, and healthy state, also imparts to it a
darker color, and the free use of it, both on the
skin and hair, in a most healthy and luxuriant
state until the latest period of life.

Ladies will find the Hyperion a great addition to
the toilet, both on account of its delicate and agree-
able perfume, and the great facilities it affords in
dressing the hair, which, when moist with the fluid,
can be dressed in any required form, so as to
preserve its place, whether plain or in curls.
When used on children's heads, it lays the founda-
tion of a good head of hair.

ton. Sold in Newport by R. J. TAYLOR.

A Treatise on the Anatomy and Physiology of
the Hair, with directions for preventing baldness,

TO THE AFFLICTED.

DR. BANNING'S PATENT LACE!

An immediate Relief to Incipient Consumption, the
Bronchitis of Public Speakers, Palpitation
of the heart, Dyspepsia, Spinal Weak-
ness, Piles, Protrusion, and Diseases
of Women, without Medicines.

THIS instrument has been examined by Drs.
Mott, Rodgers, Francis, and Griscom of New
York, the faculty of Pittsburgh, Hartford, New
Haven and Middletown, and has obtained for itself
their favorable testimony. The following will
show what kind of testimony might be produced
in many cases: Middletown, June, 25th, 1843.

Dr. Boardman,

Sir—In answer to your inquiry respecting my
case, I will merely say, that I have been sick since
I strained my breast and loins in May, 1836, from
that time continued to grow worse, when in the
fall of '39, I abandoned business, and have not
done any thing since. I suppose from all I could
learn about my case—frequently raising blood,
coughing very hard and expectorating profusely,
deriving no benefit from my physicians, and all
medicines recommended to me, that my case was
hopeless. Last winter my brother told me he had
heard a good account of Dr. Banning's Lace in
such cases, and was anxious that I should try it;
accordingly I procured one from you, and since I
began to wear it, my breathing, which was very
short and laborious, has become easy and natural;
the pain and fluttering or palpitation of the heart
has subsided; cough and expectoration greatly
lessened, my limbs which were exceedingly pain-
ful have become useful, so that I can walk com-
fortably. I am able to slumber myself with comfort,
which for many years I have not been able to do.
The piles, which have troubled me for nine years,
are nearly eradicated. I work some in the garden,
and am able to ride 4 miles at once with pleasure
and benefit. Yours, &c. WM. BANNING.

Dr. G. M. Boardman,

Middletown, June 25, 1843.

Dear Sir—In answer to your inquiries re-
specting the effect of Dr. Banning's Lace in the
case of my wife, I will state that for twenty years
past, she has been afflicted with a complication of
complaints to which females are subject. She has
tried all the physicians and all the medicines re-
commended for such complaints, without regard to
expense, and found only temporary relief. Her
most distressing complaints, palpitation of the
heart, oppression and a sense of great weight at
the pit of the stomach, prolapsus of the womb, &c.,
were believed after wearing the lace two hours, and
she has continued to improve daily. With this
view of the case I cannot use language strong
enough to convey my approval of the instrument.
aug. 29th.

STEPHEN BROOKS, JR.

Providence, Feb. 26, 1846.

Doctor Boardman,—Dear Sir—I now take my
pen to inform you that my wife's health has im-
proved very fast for the last two weeks from wear-
ing one of your Laces. She has been out of health
about two years and has worn a different Supporter
from yours, which had only two pads. She re-
ceived some benefit from that—but it would not
produce a cure. But now I can say with pleasure
that she is as smart as any of the young girls in the
neighborhood. She can now run up and down
stairs as fast as I can, and I feel so well pleased
with it that I hardly know how or what to write.
But one thing I do now, that she has been under
the care of seven Doctors in one year—and wear-
ing your Lace two weeks has or will do the cure
in a very short time. I want to write more, but I
have no time. I am truly, your friend and well
wisher, J. S. S.

Doctor Boardman, proprietor of Bannings cele-
brated Patent Body Brace, for this state, has taken
rooms at No. 8, Broad street, where he may be con-
sulted, free of charge. He is enabled to treat suc-
cessfully, cases of Rheumatism, Neuralgia, Head-
aches, Deafness, loss of Voice, Bronchitis, Weak-
ness and curvatures of the spine, and chronic dis-
eases generally. He is enabled to refer to nume-
rous cases in Providence, and this town. aug 28

LUMBAGO, GOUT, PARALYSIS, AFFECTIONS OF THE
LIVER, LUNGS OR KIDNEYS, PALPITATION OF THE
HEART, SPASMS, PAIN IN THE BACK, SIDE OR
STOMACH, OLD ULCERATED SORES, BRUISES,
SCALDS, INFLAMMATION OF THE EYES, THROAT OR
TONGUE, BITES OF DOGS, FROST BITTEN LIMBS,
GROUN, INFLAMMATION OR AGUE IN THE BREAST,
COUGH ARISING FROM IRRITATION OF THROAT OR
LUNGS, or in fact any diseases which the human
frame may be afflicted with, this very valuable
remedy never fails in curing.

As a Salve, it cures the worst Wounds, Sores,
Piles and Phlegmatic affections, Dolens or Milk

mals, Burns, &c.

the most excruciating pains from Rheumatism,
Lumbago, Gout, St. Anthony's Fire, King's Evil,
&c., have speedily, by one application of this val-
uable Pain Extractor, been relieved from all suf-
fering, and in a few days been soundly restored to

affected, been strengthened and restored back to
life—blessing the Salve as the only remedy by the
grace of Providence by which they were saved.

Reader, are you afflicted with any of the above
diseases—have you tried other remedies without
effect—have you been pronounced incurable—if
so, try this Salve—if nature can furnish means
to cure you, you will be cured by the use of Coon's
German Salve and Vegetable Pain Extractor.

Extract of a letter from Hon. Harman Knicker-
bocker, Esq., late first Judge of Rensselaer
County, N. Y., &c., Schaghticoke, N. Y.

I was myself attacked with a severe pain in my
ankle and leg, and swelling ensued to an enor-
mous extent, my physician could not relieve me,
after suffering severely a number of days and an
increase of pain and suffering. I was considered
dangerous; at this crisis my miller prevailed upon
me to try a plaster of this salve which I did, and
in half an hour I became easy and rested well. I
continued this application and in a few days I was
well. It cannot but prove a blessing to mankind,
if they can be furnished with it.

MOTHER'S RELIEF.

IT is now about ten years since this medicine has
been introduced to the public, and it stands un-
rivaled in its effects, bearing the test of the severe
scrutiny of all classes, both friendly and unfriendly.
It is but for one purpose—for the use of Mothers
who have to pass through a sea of affliction in
giving birth to mankind, not to be described. It
is to you we make an appeal. It is for your spe-
cial and general good that you should make use
of one bottle of the MOTHER'S RELIEF before
confinement. Then you can approach the par-
turgent chamber without feeling as if you were go-
ing to the chamber of death. You may rest as-
sured it will still all forlorn and nervous affection.
It smooths and shields from irritation and by
its peculiar properties it destroys the cause of her
marriage or inflammation that so often attend and
follow the hour of parturition. It causes sweet
and natural rest, and at last facilitates the birth,
so that Mothers have not to pass through such
excruciating pain and distress. The Mother's Re-
lief may be depended upon in all cases of threat-
ening abortion where it is possible to be prevented
in cases of Spasms, &c., causing frequent alarm,
from two to three doses will give immediate relief.
As the subject is one that cannot with propriety
be fully discussed in this public manner, we invite
all who feel interested to call on our agents (most
of the respectable Druggists in the United States,) or
on the manufacturer, and they will be furnished
with a pamphlet in which they will find all the
facts to form a correct opinion of its merits, and
also the opinions of many physicians of eminence,
and of persons who have become acquainted with
its beneficial effects.

CAUTION TO PURCHASERS.—Ask for Bar-
tholick's Mother's Relief. None is genuine un-
less our signatures are found within the wreath
of the direction that is pasted on the bottle, signed
with our own hand, and over the neck of the
bottle is a facsimile of our own hand writing also.
By attending to the above directions, no one need
be imposed upon. All orders will be promptly
attended to.

AND COUGH JELLY.

THE materials of this Jelly are purely vegetable

chased the recipe. It is certainly worth its weight
in gold, but is put at a price to be within the reach
of all.

Names and residences of persons residing in the
city of New York, who have been cured or benefi-
ted by Dr. Emanuel's Balsamic Cough and Lung
Jelly, when it was prepared in another form:

Mr. Hiram Ancients, 113 William-st., N. Y., had
for some time, a dreadful pain in his side and chest,

uel's Balsamic Lung and Cough Jelly, which per-
fectly cured him.

Mrs. Morgan, Front-st., Brooklyn, had a very
obstinate cough and cold. She tried every other
remedy in vain, and Dr. Emanuel's Balsamic

Dr. EMANUEL,

Dear Sir:—You may perhaps think my state-
ment almost incredible. My reason for fearing
so is the fact of your never recommending your
Jelly for the cure of confirmed consumption, but
only in its primary or first stages. I have every
reason to believe that I was in its last stage; my
physician told me so; my friends told me so; as
well did my symptoms, for they were truly alarm-
ing; and I felt fully convinced, that unless relief
was obtained, I must soon be consigned to the
narrow confines of the silent grave. But by the
timely use of your remedy, I still live, and again
enjoy my former good health. I had, indeed, dear
sir, all the alarming symptoms you speak of as
forming consumption in its worst stage; but by
the use of your Jelly, I again say, I am cured.

Yours, dear sir, with great sincerity,
